FRESH FROM THE FROZEN NORTH

John Swanson reached Tonopah today after an absence dating from May 22, when he left camp for the last north with the intention of joining an expedition of Copper Canyon miners from Nevada, having for their objective a certain point on the Sierran coast where they were told they would find the richest deposit of placer gold known since the days of the Klondike. The season was so late and none of the men succeeded in making the trip. Part of the men from Copper Canyon were killed on the schooner Casco which was crushed in the ice after a valiant struggle to get through the ice. No lives were lost but the schooner was so far advanced that nothing could be done. Swanson was on the schooner Nokotek, a 45-ton craft fitted with a gas engine and through his efforts the Nevada boys on the Casco were saved.

Mr. Swanson says there is no place

RESCUE KEEPS UP ORE SHIPMENTS

A lively business was done today in Rescue-Eula with the result that the quotations grew firmer and sales were made as high as 27. The activity is ascribed to the proximity of the long crosscut on the 1100 level to the orebody which is liable to be cut any day. Rich stringers are coming in with every shot, indicating the close presence of the objective which is situated about the center of the Eula claim and about 300 feet from the north side line. The crosscut is now out about 800 feet. The mine is sending out 125 tons in round figures to the West End mill, with values ruling around \$25 per ton. The production is restricted by shortage of miners, but otherwise the property is in good shape.

This bamboo sometimes grows two feet in twenty-four hours. There are thirty varieties of this tree; the smallest is only six inches in height and the largest 150.

like the land of the midnight sun which he proposes to revisit as soon as navigation opens. The next trip to the Siberian coast will be made to another objective where Mr. Swanson says he knows there is a large stock of black fox pelts and he expects to bring out several thousand which in his estimation are far more profitable than the best gold mine on earth.

While living in Tonopah Mr. Swanson engaged chiefly in location work and when the Divide boom broke out he held a couple of claims adjoining the Ben Hur which he allowed to lapse.

A SURE SHOT IN OIL.

Just a short time left and only a few more shares of stock for sale. Right in the midst of production. Now down over 1200 feet. Get in now before it is too late, and have no regrets. See Catherine McAvoy, 447 Florence Ave. Phone 2256. Adv-M9-12

BIG ATTRACTION AT BUTLER TONIGHT.

Character of Famous Crook Played By David Powell in Picture Backed With Mystery.

Arsene Lupin, the French crook character, made famous by Maurice Le Blanc, is the picture "Teeth of the Tiger," which will be the headline attraction at the Butler tonight. Readers of the Le Blanc stories will recall that the last adventure of the celebrated criminal left him apparently dead. According to the story of the picture, which was adapted by Roy Summerfield, Lupin escaped and is a country gentleman living respectably in America. He is summoned by Henry Forbes, an aged invalid, who has been threatened by anonymous letters with death. The old man is killed, and it becomes the task of Lupin to trace the murderer. Several persons are suspected and the close acquaintance of Lupin with the methods of criminals enables him to track the guilty person. A well developed love story is worked into the plot, which is said to be very exciting, and abounds in mystery and thrills. Added to the feature will be the latest Pathe News. Tomorrow, there will be no pictures shown, but there will be a big school show in the evening.

Saturday, Jack Pickford, in "The Little Shepherd of Kingdom Come," an excellent picture, and a two-reel Mack Sennett comedy, "The Dentist." Coming Monday, the big picture, "Soldiers of Fortune," Richard Harding Davis' greatest story.

MOTHER GOOSE FRIDAY NIGHT

Every seat in the Butler theatre has been sold for tomorrow night when the children of the public schools appear in the operatta of "Mother Goose," for which they have been preparing with frequent rehearsals extending over a period of two months. The operatta is put on under the direction of Mrs. Hobson, music teacher in the schools, and those who have witnessed the dress rehearsal say that the audience will be well rewarded for attending. "Mother Goose" will prove that Tonopah has an abundance of talent of the right sort and convince parents that some of the children are fitted with real talent.

VERMONT WETS ARE GAINING TOWNS

MONTPELIER, Vt., March 11.—Advocates of license added nearly 100 towns, dry a year ago, to the wet column in the town meetings held recently. Reports to the secretary of state from 232 out of 247 cities and towns received up to today show that 125 towns voted yes, 104 voted no, two were tied on questions and four took no vote. Last year thirty towns voted license. The aggregate vote of the towns reporting to date shows a falling off of more than 8,000 votes on the dry side. The vote cast this year was: Yes, 15,538; no, 10,467. Last year the same cities and towns gave: Yes, 15,781; no, 19,274.
